COVID-19 Update

April 27, 2020, We hope this finds you and your loved ones well and safe. Here is an update on the TD Summer Reading Club and how it is impacted by the COVID-19 pandemic.

In light of the current situation across Canada, we regret to inform you that the TD Summer Reading Club (TDSRC) partners have made the decision to cancel the distribution of the physical program materials for summer 2020. The almost 4 million pieces of program materials will be stored and distributed in the spring of 2021. We feel this is for the best both in respecting the physical distancing measures currently in place and in being environmentally responsible.

The good news is that the TDRSC already has a robust [online program](#), so for this year we will shift to **online exclusively**. **The online program for kids kicks off on June 15th!**

The TDSRC team is committed to continuing to support Canadian libraries and families through these difficult times, stay safe everyone!

LEDUC COUNTY NOW A FAMILY RESOURCE NETWORK HUB

May 26, 2020

Leduc County Family and Community Support Services (FCSS) is now a provincial Family Resource Network (FRN) hub. Family Resource Networks deliver high-quality prevention and early intervention services and supports for children aged 0 to 18.

"We're incredibly proud to become a provincial Family Resource Network hub," says Dean Ohrysty, director of community services. "Leduc County has provided programming for parents, caregivers and their children for more than ten years. Programming through our Family Resource Network will continue to allow us to build strong, resilient families and will focus on three core areas: child development and well-being supports, caregiver capacity building supports and social connections supports."

These supports will center on strengthening parent and caregiver knowledge, coping and problem-solving skills, access to community resources, improving child and youth development, building resiliency and fostering well-being.

Services offered through Leduc County's FRN will replace previous early intervention and prevention programming, including Parent Link programs, and offer a wider range of services to a broader age group of children and their parents.

To follow provincial public health orders, Leduc County's FRN services will be limited to supports that can be delivered by phone or online. Online programming will be ready in July.

Supports offered through Leduc County's FRN will be available to residents in Leduc County, Beaumont, Devon, Calmar, Thorsby and Warburg.
