

# WARBURG FCSS & RECREATION

**AUGUST**

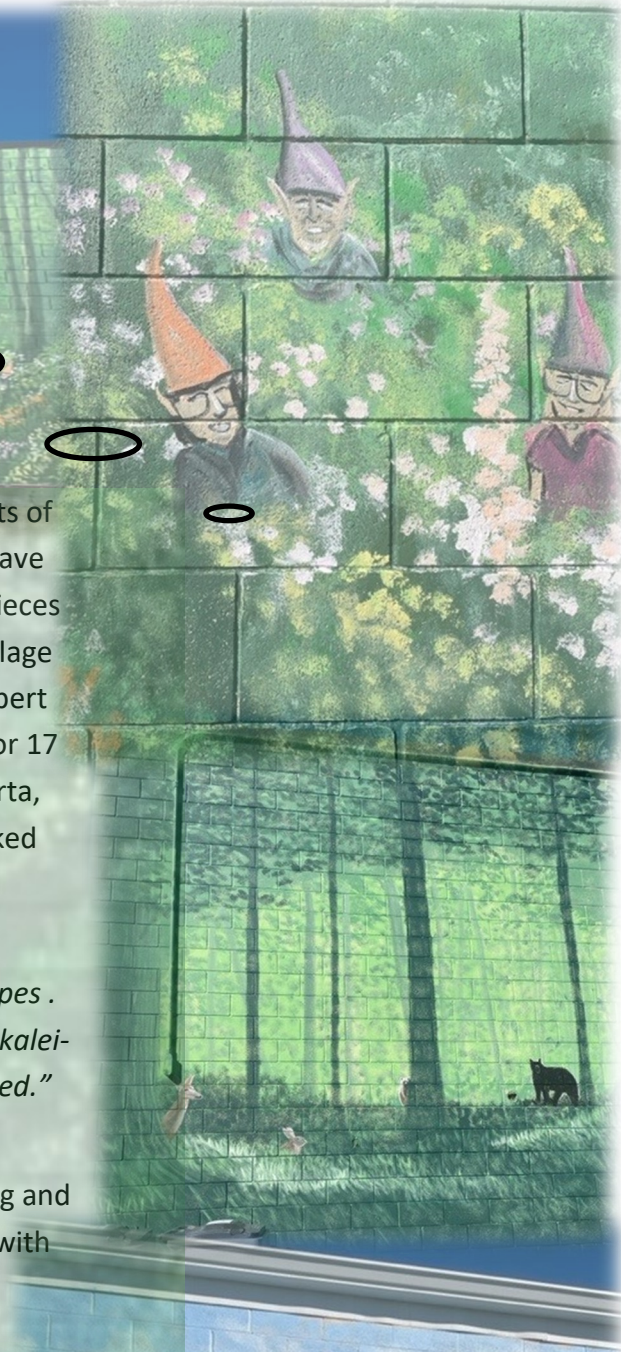

**2022**

**DO THESE ADORABLE  
GNOMES LOOK FAMILIAR TO  
ANYONE?**

If you have been around the main streets of Warburg in the last week or two, you have undoubtedly noticed two amazing art pieces gracing the buildings of the Warburg Village Market and 3D Line Locating Office. Robert Murray of St. Albert has been painting for 17 years, and has left murals all over Alberta, largely in rural communities. When asked where he gets his passion from, he responded:

*"I love Alberta and it's wonderful landscapes . Majestic mountains , pristine lakes and a kaleidoscope of rich colors . We are truly blessed."*

Thank you, Mr. Murray, for bringing your vision to Warburg, and to 3D Line Locating and Warburg Village Market for providing us with this beautiful scenery!

## To Warburg, the community I fell in love with,

I have decided to step back from my role as FCSS Coordinator for the Village of Warburg. It breaks my heart, but it is the right move for me moving forward. I just wanted to take the opportunity to thank you all for embracing me, first as a new community member with NO existing ties to the Village, and eventually to the role that I have held and cherished for over four years. This truly is a special place to live, work, and experience, and I count my blessings for the connections I have made while I was here. Thank you to the Village of Warburg and Leduc County for giving me the opportunity to do a tiny part in supporting its members. Thank you to all the non-profits and organizations who have worked with me, collaborated, and supported initiatives. Thank you to my beautiful Advisory board members who showed up, listened to my ramblings, and came up with so many amazing ways to host events, programs and more. Thank you to ALL of the wonderful volunteers who have humbled me with their dedication to making their community even better and stronger. I appreciate every moment I have spent here, and I look forward to seeing the ways that Warburg continues to grow and flourish!

Sincerely, Tami Tubbs

# WARBURG BUSINESS OF THE MONTH

## WARBURG SEED CLEANING CO-OP

Staff pic, Back L to R Breanna Weiss, Brady Fraser, Ryan McLeod, Tye Magnuson, Rob Michaud, Odin Mabbutt, Donna Tomaszeski

Front Tom Luethi

The Warburg Seed Cleaning Co-op started in 1964 when farmers in need of a better way of cleaning their seed and controlling the spread of weed seeds got together to raise 1/3 of the funds needed to build the plant. The other 2/3 of the funds came from Leduc County and the province of Alberta. In the early years, the main business was just seed cleaning. Over the years, the business has grown to include Forage seed sales, grass seeder rentals, canola gathering point for Canbra Foods which eventually was taken over by Richardson Pioneer, obtained more land for our bin yard which meant we could offer more varieties of seed to sell, ring road to accommodate the large trucks and trailers. Warehouse so we could better handle forage seed and tote bags. It also gave us a better place to conduct repairs and storage. Part of the warehouse also serves as AWSA compliant herbicide storage for chemical sales. 2010 saw the installation of an optical sorter and a new wind & screen. The color sorter was a major advancement to grain cleaning. In the past few years, the plant has seen some major updates, such as a new gravity table, a 4000 bu. bin for incoming seed storage, 6000 bu. of overhead clean seed storage, the addition of a 90 foot truck scale and a new color sorter with true color and infrared cameras for even more advanced cleaning capabilities. We also added a roller mill and blender for feed sales so we can offer a variety of feed grains in small 50-pound bags, mini bulk bags or bulk. We can be found on Facebook and our website, [www.warburgseed.com](http://www.warburgseed.com).

## NOTICE OF CONSTRUCTION

### Warburg – Road Improvements

We would like to inform the residents in the area that the street in front of your property is scheduled to have Road Reconstruction starting at some point the week of August 2<sup>nd</sup>. Please refer to the Coloured area in the figure below for the streets being reconstructed. In order reconstruct the roads, we will need to close the road being reconstructed. Rear alley access will be maintained for at least one entrance for the duration of construction, if your property has a laneway at the back of the property. Construction will begin on 48 Street and 51 Avenue. Once 48 Street and 51 Avenue is excavated and being graveled, then 46 Street and 51 Avenue excavation will start (in mid- August). Once the gravel is in on 46 Street and 51 Avenue, the concrete for both areas will be scheduled. It is expected that paving will happen in mid to late September.

Residents will be expected to park in the rear alleys during construction in order to allow for the road reconstruction work to proceed. We will look for street parking opportunities for those of you who do not have a laneway at the back of your property. Residents will be expected to cooperate with the parking restrictions in order to allow for the street improvements in front of their property to progress. During construction there will be traffic flow interruptions and we ask for patience and cooperation during these inconvenient times. We also ask that residents keep their distance from the equipment and watch their children for all of the obvious safety reasons. We apologize in advance for any inconveniences due to construction and we thank you for your cooperation during these inconvenient times.

Once any concrete is poured, we ask that it is not driven on for at least 7 days to allow for the concrete to cure properly and obtain the strength required to support a vehicle weight. We ask that residents water the seeded areas behind any concrete replacement regularly in order to ensure proper growth.

If there are any concerns, please contact Tyler Spence at 780-453-5841 or in the event of an emergency during construction the following representatives can be contacted:
