WARBURG BUSINESS OF THE MONTH

Canada Post Warburg

In 1916, Winfield Scott was advised of the approval of a post office in Warburg. So on February 15, 1916 the mail service commenced. Later, in 1918 Halvar Halverson, who lived right outside of Warburg opened a post office in his home. When the railroad came through Warburg in 1929, the officials gave notice the post office had to be in the town.

A post office was built at 5003-52 Street. Halvar's daughter, Edith and her husband Pete ran it. Later, Pete and Halvar built a new post office at 5011-52 Street. Then in 1957, Vernon, who was Halvar's son took over as post master. This is when mail delivery began to the rurals. Later, 5218-50 Avenue became home to the post office. This is the location the post office is at today. Since that time, there have been a few different post masters: Marion Ellis, Mary Gellert and Diana Bachand.

We now have a staff consisting of Michelle Brown, Pamela Jehn, Tracey Yurystowski and Josephine Walters. Come and meet us here at the post office. We offer a great variety of products for all your mailing needs. We have flat rate boxes, express post envelopes, gift cards, coins, gif coins and a variety of stamps. We are always willing to help you find what you need. Come see us, we are here Monday-Friday. Look forward to seeing you.

Reconnecting with Ourselves

Join Kristopher Marks, founder of VIV Mental Health, as we explore the profound impact that social media has on our mental health and overall well-being. The way we connect to news, information, and each other has never been easier, but with the power of accessibility comes a responsibility to be mindful of the effects it has on us individually - and as a society. We'll discuss trends in how we interact, how we react, and share tips about how to find a healthy balance between our desire for connectivity and the importance of reconnecting with ourselves.

NOTICE OF CONSTRUCTION

Warburg - Road Improvements

We would like to inform the residents in the area that the street in front of your property is scheduled to have Road Reconstruction starting at some point the week of August 2nd. Please refer to the Coloured area in the figure below for the streets being reconstructed. In order reconstruct the roads, we will need to close the road being reconstructed. Rear alley access will be maintained for at least one entrance for the duration of construction. If your property has a laneway at the back of the property. Construction will begin on 48 Street and 51 Avenue. Once 48 Street and 51 Avenue is excavated and being graveled, then 46 Street and 51 Avenue excavation will start (in mid-August). Once the gravel is in on 46 Street and 51 Avenue, the concrete for both areas will be scheduled. It is expected that paving will happen in mid to late September.

Residents will be expected to park in the rear alleys during construction in order to allow for the road reconstruction work to proceed. We will look for street parking opportunities for those of you who do not have a laneway at the back of your property. Residents will be expected to cooperate with the parking restrictions in order to allow for the street improvements in front of their property to progress. During construction there will be traffic flow interruptions and we ask for patience and cooperation during these inconvenient times. We also ask that residents keep their distance from the equipment and watch their children for all of the obvious safety reasons. We apologize in advance for any inconveniences due to construction and we thank you for your cooperation during these inconvenient times.

Once any concrete is poured, we ask that it is not driven on for at least 7 days to allow for the concrete to cure properly and obtain the strength required to support a vehicle weight. We ask that residents water the seeded areas behind any concrete replacement regularly in order to ensure proper growth.
