AGES AND STAGES DEVELOPMENTAL CHECK IN

Online

Have you ever wondered about your child's development? The Ages and Stages Questionnaire provides a fast and helpful look at how your child is doing in important areas like communication, social skills, motor skills and problem solving skills. Screening can identify your child's strengths, uncover new milestones to celebrate and reveal any areas where your child may need support. It helps you understand your child's development and know what to look for next.

The ASQ and ASQ:SE questionnaires are designed to help you monitor your child's development at regular intervals from 2 months to 5 years of age. To access these questionnaires, go to our website below.

Mental health versus mental illness: what's the difference?

While mental health and mental illness are often used synonymously, they do have different meanings. Everyone has **mental health** just like they have physical health, and it describes overall well-being. **Mental illness** is a diagnosed condition. People with a mental illness diagnosis can still have good mental health; people with no diagnosed mental illness can still have poor mental health. Either way, there are resources and support available.

What to do in times of crisis

Our mental health affects how we feel, how we think and how we act. It's important to take care of ourselves and know where to find help when we, or someone else, needs it.

Always call 9-1-1 in an emergency. If someone is a danger to themselves or others, getting the right kind of help quickly is vital.

For serious mental health concerns, there are several crisis lines available as listed below.

Access 24/7

780-424-2424

Provides 24/7 telephone support, in-person assessment, crisis outreach and patient stabilization.

Mental Health Help Line

1-877-303-2642

Provides a 24/7 confidential service that offers support, information and referrals to Albertans experiencing mental health concerns.

Suicide Crisis Helpline

9-8-8

Whether you are thinking about suicide or worried about someone else, call or text **9-8-8** toll free, any time — lines are open 24/7/365.
