FUNDRAISING NEWS !

Submitted by Louise McBeath Schoepp, Fundraising Coordinator, Warburg Parent School Society

Warburg School Council is a structured group of parents, the school principal, teachers, students and community members whose purpose is to advise the principal and school board in matters relating to the school. It is a means for parents and community members to work together with the school to support and enhance student learning.

Warburg Parent School Society is the fundraising branch of Warburg School Council and meets immediately after the council. Its primary directive is to raise funds to purchase items that benefit all students of the school. For example, in the past the Society has purchased a large laminator, STEAM (Science Technology Engineering Arts Math) items, an electric pottery kiln, 60 pairs of snowshoes, chromebooks and the flashing light crosswalk. WPSS fundraising was instrumental in buying a large number of items to begin the coding and robotics programme at the school and substantial funds were raised to purchase and install the new Apollo playground structure. The current major goal of the Society is raising necessary funds for the *Demi* project – the creation of an outdoor classroom at Warburg School, a space where all students can learn about growing their food, Nature, their environment and the benefits of being outside in the fresh air. Meetings are held monthly at Warburg School. All are welcome to attend. The next meeting is **Monday 3rd March, 3.30pm** in the school and also online. Childcare is available.
